

CR C0259

Request identity number:	C0259
Type of request:	Technically new
Proposal:	To introduce symbols for manually operated single-pole opening switch.
Reason:	<p>These proposed symbols have been frequently used in industries.</p> <p>Every proposed combination graphical symbol can be composed of a couple of symbols as already standardized combination symbols are expressed in similar ways.</p> <p>There is no other applicable symbol in IEC 60617.</p>
Requested by:	Hiroaki Ikeda ikeda@faculty.chiba-u.jp JP
